Just when Inspect a kindly yes,
And when a stordy so?

Who knows—the grim nid treetian sage
Says gravely, Save thysell,
The when I said the world
Is he who knows blussell

LOST IN A COAL MINE.

Through the brutality of a miner in the employ of the Pennsylvania Coal Company, at Bunmore, Pa., a mule-boy some mine was recently put to so terrible an experience in one of the company's abandoned mines that he has beome, it is feared, hopelessly insure, and has been sent to the insane asylmaring Danville, Montour county.

The miner's name is James Barrett, be leaving him. The buy is the son of a poor widow, and, but lourteen years of age, contributed largely to her support. His name is James Unilagher.

The man Harrett, it seems, was in the his loss, mere personal antipathy." The buy stood in mortal fear of linrett,

A short time ago lie had been tyranmizing over young Gallagher with more than usual cruelty, and finally swore that if he did not quit his sight at once he would kill him, at the same time running toward the boy with his pick mine.

Gallagher ran screaming away from his persecutor, and made directly into the abandoned chamber, never stopping to look where he was, in his fright only hinking of getting out of the way of

After running for some time the boy stopped, and for the first time saw that he was in the abandoned mine. Even then, the terror of his cruel task-master was uppermost in his mind, and it was It was u long way off, but he knew it that he awoke to the horror of his situa-tion.

Regardless of the hard, jagged floor,

the least sound with the most demoni-nced echoes, and noxious gases generate hoarse: nenl echoes, and noxious gases generate | hoarse: in the pools of slimy water that exudes from the walls and drips down apon the slippery floor. Pitfalls filled with water that necumulates without interruption,

mine; it is so dense and heavy that one on in the subterranean labyrinth. sufficiently to penetrate it in the slight- another.

On every side the constant drip, drip "d-a-m-c-s of the nuwholesome water is heard, and dimmy!" the noise of rats, which frequently disthe floor, awakening a thousand horrid "Here I am! Come this way?"

traversing the deserted cortidors and of the villagers had assembled to await sheep are subject give the owners ample yelling back to him his vry, prolonged the result of the search. se many fields were mocking his distress, so frightened the boy that he could his brave rescuers were borne aloft by a man may have a lot of hogs and fred not gather courage to reseat the cry, and the crowd. not gather conrage to repeat the cry, and the crowd.

where the greatest of all terrors to the mine. miner, fire-damp, prevailed, and he hastily retraced his steps, with the inten-

one. It turned of to the right, and he me up! Drive them away! Brive them forence when it dies, or what kills it, the entered it and followed it for a quarter uway!" of an hour, feeling lils way along one side of it, and baing careful not to turn became less frequent, and finally days into any of the curridors crossing it, so that he might not become confused if circumstances compelled him to again retrace his steps.

he found no rest for it, and before he long into a pit. His head cause in contact with one side of the exesvation. He attempted to regain his leet, but he was decided that he must be taken to an inovercome with a sense of numbness and fell back late the slime and coze that covered the jagged bottom of the filthy

How long he lay there unconclous the his cruelty became known, was your hoy could not tell. He came to himself with the knowledge of a peculiar pain escape the fury of the variety to in his fingers and toes. At first he did not know where he was, but the impenetradde darkuess, and cold, damp atmos-the indignation of the people against phere soon recalled the herrors of his

cold, slimy tails over lds face.

that again started the blood-curdling

echoes through the chamber.

From the feeling of his hamls and feet Gallagher knew that the rate had been gnawing at his firsh, but he did not stop to make any investigation until he had escaped from the pit and was again on way back to the place from whence he had started.

To get out of the pit Gallagher found m casy task; twice he climbed up its jagged slifes until he almost gained the top, and as many times fell back to the ton. The third time he was successful, and he drew himself but exhausted and fainting.

He lay down on the floor of the corri-

dor for several minutes before he had strength to proceed, and then gathered himself up and hurried away from the spot which was so full of terrors for

When he reached the first cross vorridor, he sat down on a jutting pieve of coal, and for the first time discovered that the rats had gnawed two of his fingers to the bone and had eaten away the uppers of his shoes and the thesh of his

twicgreat toes. He had often heard old miners relate, over their lineh in the dismal chamber, the experiences of men lost in the mines and attacked by rats, and now the reality of the thing nearly overcame him with its horror, and he almost swooned at the thought of what he had passed through and what he might yet be

disqued to experience.

To add to the terrilde situation of the poor bul, hanger began to make itself anifest, and the tartures of thirst were beginning treaffliethim; as was the case with the amelent mariner, there was

"Waler, water averywhere, that not a drop to drink " the fact that he was growing so hungry and thirsty Gallagher judged 118,093,222 psunds; average per cow, that he had been a long time in the 3,241.53 pounds, or 377.42 gallons; that he hold been a long time in the mine.
